Dear friends and colleagues,

As the President of the European Muaythai Confederation (E.M.C.), it is my distinct pleasure to extend my warmest greetings to the dynamic movement of the Greek federation, which encompasses Muaythai, Kun Khmer, and Lethwei.

Since its inception in 1998, the Greek Muaythai Federation has been at the forefront of promoting and developing the sport of Muaythai, not only within Greece but also on an international scale. Their dedication and commitment to the sport have been commendable, and their efforts have significantly contributed to the growth and popularity of Muaythai in our region.

I would like to take this opportunity to welcome the entire management and vice president of the Greek federation to the E.M.C. family.

Your passion for Muaythai, coupled with your unwavering dedication to its principles, makes you invaluable assets to our community.

It is important to recognize that sports, including Muaythai, are not the monopoly of any single federation.

Rather, they are a shared passion that transcends borders and unites individuals from diverse backgrounds. As such, it is imperative that we work together to uphold the values of fair play, respect, and integrity in our sport.

I commend the Greek federation for their steadfast commitment to respecting the rules and history of Muaythai, Kun Khmer, and Lethwei. Your dedication to preserving the integrity of our sport is truly admirable, and I offer my full support to you in all your future endeavors.

In closing, let us remember that while everything may have a starting point and an end, the spirit of Muaythai will continue to thrive as long as we remain united in our love for the sport.
